

Certification Workshop

Los Angeles, California
September 1, 2004
10:00 to 1:00 p.m.

Sacramento, California
September 8, 2004
9:00 to 12:00 p.m.

DRAFT Agenda

Purpose: *This workshop is an annual event held in early September, designed to help all members prepare for certification by reviewing the process and steps, hearing “lessons learned” from those who’ve previously completed certification, and provide the opportunity to meet approved certifiers.*

Welcome and Introductions

Overview: Steps to Certification

- Roles of Member, Certifier, Registry and State
- Developing an RFP for certification services

What to Expect During Certification

- Preparing for certification activities
- Site visits
- Finishing the certification process

Lessons Learned: Tips from Other Members

Resources: Where to go for Help

Becoming a Climate Action Leader

Opportunity to meet with Certifiers
